RE: Request for Approval of Transfer from Neil Bradshaw to 3-H Landscape Products LLC and Form and Amount of Reclamation Surety, Bright 1 & 2 Mine, M/021/030, Iron County, Utah

The Division finalized the review of Neil Bradshaw's Bright 1 & 2 Mine, located in Iron County, Utah and tentative approval was granted September 26, 2003. The tentative approval notice was sent to the local newspapers on September 30, 2003 to begin a 30-day public comment period. No adverse comments were received for this project.

On November 24, 2003, 3-H Landscape Products (the company operating the site) submitted a Reclamation Contract and also posted \$48,300 as reclamation surety for this site in the form of a Letter of Credit #154000020, issued by Sun First Bank, St. George, Utah. Corrections needed to be made to the documents. Because 3-H Landscape is operating the site for Mr. Bradshaw, and they are the ones who posted the bond and submitted the Reclamation Contract, we requested that Mr. Bradshaw transfer the mining permit to 3-H Landscape who would then be responsible for reclamation of the site. On December 5, 2003, we received a completed transfer form to transfer the mining permit for the Bright 1 & 2 Mine from Mr. Bradshaw to 3-H Landscape Products. The Reclamation Contract and LOC have been corrected to reflect this change. Please note that the LOC was received via fax copy from Sun First Bank. We informed the bank that we require the original; they will forward the original this week.

If you are in agreement with the acceptance of the permit transfer and the reclamation surety please sign and date the documents as indicated. We will then issue final Division approval for the Bright 1 & 2 Mine to 3-H Landscape Products and release Mr. Bradshaw from mining and reclamation responsibility at the site. Thank you for your consideration of this request.
